

**ROTO CARE ENGINEERS**

Where Quality Meets The Perfect Design With Accuracy

## Business Nature

**TRADING:** Air Compressors

**SUPPLYING:** Air Compressor Spare Parts

**MAINTENANCE & REPAIR SERVICES**

## Products

**Reciprocating Compressor**

**Screw Compressor**

**Spare Parts**

## Reciprocating Compressor

They are mostly used in cleaning dust particles, tire servicing stations, paint jobs or any type of industry which needs low pressurised air.

They are starting from the Range of 1 HP to 15 HP.

## Screw Compressor

They are used for high pressurised air in the large scale industries like steel, plastics, rubber, textiles, polymers, foundries, automations etc.

## Screw Compressor

They are used for the high pressurized air in the large scale manufacturing industries like Engineering, Pharmaceutical, PET Bottle, Textile, Plastics, Agriculture, Healthcare, Chemical, Ceramic, Food Packaging.

They have a starting range from 15 HP to 500 HP. There are also Oil Free Screw Compressors for the Pharmaceutical Industries and Health Cares.

## Receiver Tank

A tank that receives and stores compressed Air after it exits from the Air Compressor.  
They have a capacity to store the compressed Air from 50 litres to 5,000 Litres.

## Spare Parts

Air Filters

Oil Filters

Air Oil Separator

Compressor Oil

Hose Pipes

Suction Hose

Controller

Service Kits

Oil Cooler

Pressure Sensor

Line Filter

Min. Pressure Valves

Keypads

Rotor

## Maintenance Service

Screw Compressor Maintenance Services  
Annual Maintenance Contract at Site and Online

**Atlas Copco**

**ELGI**

**KAESER  
COMPRESSORS**

## Infrastructure

A state-of-the-art infrastructure with a modern manufacturing unit.

This unit is well equipped with latest machines that ensure effective production.

This unit is managed by a team of industrious and perseverant professionals.

Each & every department of our organization works in sync with one another to achieve the common goals.

## Manpower

**TEAM of 12**

diligent and persistent professionals
